

TENDERS HAVE BEEN LET FOR GRADING OF BLUE TRAIL MACLEOD VIA STAND OFF TO CARDSTON

We are informed that at last the tenders have been published by the Minister of Public Works for the grading of the Blue Trail (Calgary-Glacier Park Main Highway) from Macleod to Cardston via Stand Off, and work may be expected to start early in August. This will set at rest the controversies and agitations over the routing of the Blue Trail insistently demanded by Lethbridge, which has delayed the building of this Highway for over a year. The

STANDOFF WOMEN'S INSTITUTE MEETS

The Standoff Women's Institute met for the monthly meeting at the end of last week. On account of the rain the roads were in very bad shape, which prevented quite a number of the members from being present, several of them having promised to take part in the program.

The meeting was held at the home of Mrs. Wallace Hovis and Mrs. Wm. Perrin was convener of the meeting and was responsible for the program. The meeting was opened with the usual exercises. Mrs. Perrin then gave a most interesting and edifying paper on "Education and Health." The paper was much enjoyed by those present, and it was suggested that Mrs. Perrin give the paper again at a future meeting, on account of so many members being absent and on account of the excellence of the paper. Mrs. George Rowe, convener of foreign news, gave a very comprehensive summary of current foreign news, which was very much appreciated. Mrs. Blakely McNeil supplied the musical part of the program, and Miss Edna Perrin gave a humorous recitation which was splendidly rendered and loudly applauded.

Arrangements were made for a picnic to be held at the Ewline bridge on the Kootenay River on Friday, Aug. 5, in the afternoon, with a dance at the Community hall in the evening. Edgar's orchestra has been engaged to supply the music.

After the business of the meeting was concluded, dairy refreshments were served by the hostesses and a very pleasant hour was spent round the tea tables.

GEORGE WELSH'S BODY FOUND

The body of George Welsh, who was drowned in the Old Man river on Sunday, July 11, was found Wednesday noon on the north bank of the river about 11 miles east of Macleod. John Emmikamp of Hollandale, was out hunting for horses and found the body, and at once reported the finding to the chief of police, Macleod. Chief of Police Pringle and Sergeant Carter of the A.P.P., went out at once and identified the body as that of Mr. Welsh. The two police officials decided that no coroner's inquest was necessary, as the facts of the drowning accident had been well established. The remains were put in a casket and brought into town.

The funeral occurred on Thursday (today) at 2:30 p.m. Services took place at the grave, which were conducted by Rev. G. McComas. The pall bearers were: M. Platt, R. Jackson, A. McDonald, L. Smith, George Field and J. Pringle.

BRITAIN GOES BACK TO NAVAL PARLEY: HOPES FOR SOLUTION

London, July 23.—The tripartite naval conference at Geneva is saved at least temporarily and the negotiations there for further limitation of naval armaments will be resumed. This was decided Friday at the long-cabinet circle held since the anxious days of the coal strike last year. The Ministers sat for more than four hours to hear the reports of Viscount Cecil and W. C. Bridgeman, First Lord of the Admiralty, on the difficulties which have been encountered at the Geneva Conference and to discuss them.

It was decided that Viscount Cecil and Mr. Bridgeman, who had returned to London to report on the conference, will return to Geneva almost immediately to resume their labors and that they will return with the cabinet's full approval of the lines which they have taken hitherto. Little real apprehension had been expressed here that the conference had collapsed. Today's council was held in the Premier's room in the house of Commons, Premier Baldwin presiding. No official communication was issued but it was stated authoritatively that the cabinet approved the attitude of the delegates and their return to Geneva.

London, July 23.—Another meeting of the British cabinet has been set for Monday for the discussion of problems arising from the national reduction conference at Geneva, after which it is hoped the way will be entirely clear for the return to the parleys of the two chief British delegates, Right Hon. W. C. Bridgeman and Viscount Cecil.

Although the full reports made by these delegates received unanimous approval of the ministers at a lengthy cabinet session yesterday, it is not known whether they received or will receive before they depart, any fresh instructions. No official communication was issued.

Political writers here represent the government as extremely anxious for a harmonious agreement and as believing that Lord Cecil and Mr. Bridgeman will return with hope for a settlement.

Failure of the conference would certainly be regretted here, but there is readiness in some quarters, should failure come, to lay the blame for it on the United States.

Lay Blame on U. S.
The Daily Mail, for instance, says: "If the conference fails, it will be clear to the world it was broken down not owing to British intransigence, but on account of the ambitions of the United States to build a greater navy."

The London Times deplores the "baffling confusion" which it says is the present state of the conference. It regrets the discussion at Geneva have "had the effect of not clearing up, but obscuring the real issues and raising the spectre of new rivalries."

The paper complains that the violent American press campaign completely "disfigures the British case in the eyes of American readers, and obscures the essential vital interests of the people of the United States in this grave naval matter."

Earnestly hoping for an agreement, the Times calls for an effort to lift the British case, which it describes as "very good indeed" above the "accidents of narrow controversy," and suggests the British government present it to the world "in all its simplicity and cogency" before the British delegates return to Geneva.

JUDGMENT RESERVED IN MACLEOD APPEAL TO UTILITIES BOARD

Macleod, July 27.—Wednesday afternoon at the court house, Macleod, Judge A. A. Carpenter, chairman of the Board of Utilities commission, heard a case of appeal made by the trustees of the separate school, Macleod, against certain properties in the town of Macleod being assessed to the public school instead of to the separate school.

The town of Macleod was represented by J. D. Matheson, barrister, and the separate school by J. Vazelek, barrister, Lethbridge. Several witnesses were called on both sides and the evidence. The commissioner reserved his judgment to give the matter further consideration.

DEMPSEY TO FIGHT TUNNEY

New York, July 23.—Tex Richard announced today that Jack Dempsey has been formally named as Gene Tunney's opponent in a world's heavy-weight title boxing match to be held some time in September.

Tunney agreed to postponement of definite announcement as to time and place until Aug. 5. Richard originally was scheduled to name Tunney's opponent and the site of the title battle on July 25.

The champion accepted Dempsey as his opponent without comment. No new contract was signed, as the one made with the promoter last winter bound him to defend his title against a challenger of Richard's choice. Dudley Field Malone, Tunney's attorney at that time, said the champion received a flat guarantee of \$400,000 in addition to 50 per cent. of the net proceeds over \$1,000,000.

MACLEOD VETERAN GOES TO ARMSTRONG

The members of the Macleod Branch of the Canadian Legion met together on Wednesday evening of last week for the purpose of giving a send-off to Comrade "Charlie" Thornton, who is leaving Macleod to open up a butcher business at Armstrong, B.C. The evening was passed away in singing and entertainment. President Whitworth, on behalf of the members of the Legion, presented Corporal Thornton with a handsome leather travelling bag, after the usual musical honors were given. Comrade Thornton suitably responded with thanks for the beautiful token of esteem.

Mr. Thornton, who has been an employee of Burns and Co., in Macleod for the past 15 years, was one of the P.P.C.L. and experienced four years of service overseas. He was one of the most popular members of the club, and also a prominent member of the local Elks, who on Tuesday night presented him with a pair of gold cuff links suitably inscribed. Mr. Thornton is going into partnership at Armstrong with Mr. J. S. Sander, who for several years was manager of the P. Burns Company's store in Macleod.

THE EMPRESS THEATRE -- CURRENT ATTRACTIONS

"AFRAID TO LOVE," A LOVE TANGLE NOT AT ALL SERIOUS—NEW VIDOR VEHICLE FAST COMEDY OF MARITAL MIX-UP

With what is purported to be her finest screen offering to date, "Afraid to Love," Florence Vidor, arrives Wednesday and Thursday at the Empress Theatre.

"The Orchid Lady of the Screen," in this her third Paramount starring vehicle plays a role different in all respects from anything she has hitherto essayed. Having proved herself a capable comedienne with her recent picture "The Popular Sin," Miss Vidor again entertains in lighter vein.

"Afraid to Love," concerns itself with a highly humorous love triangle with Miss Vidor as the base, and Clive Brook and Jocelyn Lee as the other two sides.

Katherine Silverton, finds herself alone in the world and with her fortune at such a point that she has to go to work. Her family solicitor, John Travers (Norman Trevor), insists that there must be some other solution to her difficulty, and discovers it when Sir Reginald Belsize (Clive Brook) comes to him for legal advice. Sir Reginald has an inheritance with a string or two tied to it. An eccentric uncle disapproves of his fiancée, Helen de Scrimmon (Jocelyn Lee) and on his death will Sir Reginald his fortune provided he marry immediately someone other than fair Jocelyn. But Belsize is in love or thinks he is, and doesn't want to give Jocelyn up. Travers suggests that he marry some woman with the understanding that she allow a divorce as soon as he gets his money.

Here is where Miss Silverton displays ingenuity. The jealous Jocelyn insists that the bride be some one far less good looking than herself. Miss Vidor arrives and seems to have been made to order for the job of Sir Reginald's temporary bride. She peers upon the world through thick glasses; further, that her eyes are crossed, she wears dowdy clothes, and appears altogether of a sour disposition. Jocelyn approves of her.

On the honeymoon journey to Paris, Florence discards the make-up, and appears as her own beautiful and cultured self.

ZANE GREY'S "DRUMS OF THE DESERT" WELL DONE—WARRIOR BAXTER AND FORD STERLING HEAD CAST—WATERS DIRECTED

In "Drums of the Desert" Paramount's screen version of Zane Grey's "Desert Bound" which comes to the Empress Theatre next Friday and Saturday, is again told the story of the Navajo Indians that so dominated the earlier Zane Grey production "The Vanishing American."

In the current production the tale is told, however, from the white man's angle, with Warner Baxter, in the role of John Curry, the friend of the Indian. It is the story of oil that was found under the desert lands of the Reservation, of the attempts of thieves who to gain possession at the expense of the Indians, of the red men's shielding their ancient altars and of Curry's defense of the Indians.

In this production Warner Baxter returns to Westerns. In this production, too, does Paramount introduce to the American screen its newest acquisition from Europe, Marietta Milner, former UFA player, who makes her local debut as the only white girl in the picture.

Ford Sterling, featured comedian, playing Painless Perkins, a desert faker, is abetted by Heinie Conklin. Wallace MacDonald appears as villainous Will Newton. Bernard Siegel, a cast as chief Brave Bear. All other Indian parts are played by Indians from the Navajo reservation, who enact on the screen the stirring drama in which they themselves took part only a few years ago.

Other who comprise the cast are: Ford Sterling, featured comedian, in the role of Painless Perkins, a desert faker; Wallace MacDonald as Will Newton, leader of the land bandits; George Irving as Professor Manton, an archeologist; Bernard Siegel, Chief Brave Bear; Heinie Conklin as Hi-Lo Perkins' partner; and the Navajos themselves.

FLORENCE VIDOR, COMEDIENNE

Florence Vidor as a comedienne is the rare treat offered by the Paramount picture "Afraid to Love,"

DINNER PLATES FLY AT STILLMAN WEDDING FEAST

Grand Anse, Que., July 26.—Lena Wilson, little Canadian girl of humble parentage, and James "Bud" Stillman, son of the millionaire New York banker, were married by a Catholic priest in the presence of 500 oddly assorted guests at the Stillman lodge at Grand Anse this afternoon. A complete reconciliation of the families of the bride and groom was signified by the appearance of Lena's mother on the arm of Mrs. Anna Urquhart Stillman, who acted as master of ceremonies.

After the wedding Mrs. Stillman, angered by the activities of photographers, hurled at them three dinner plates intended to serve the huge wedding cake. The plates missed the photographers, but smashed a window in the office of James A. Stillman, the groom's father.

Although in the presence of representatives of New York society as well as scores of her own friends from the backwoods, the bride, in her elaborate wedding gown, magnificently perfect composure, while the bridegroom appeared to be somewhat fussed.

The beaming face of Father J. E. Lamy, an old friend of Bud's mother, and of Lena, shone like a benediction upon the assemblage, both before and after he pronounced the ceremony.

Better be in the limelight than in cold storage.

NOTED SCIENTISTS WILL STUDY FIELD AT TURNER VALLEY

Winnipeg, July 26.—A distinguished party of scientists left Winnipeg tonight for Alberta. Prof. Field, head of the geological department of Princeton University, is in charge, and the party is composed of other professors and undergraduates.

They will go direct to Brule, Alberta, and make an intensive study of the geological formation in that section. They will probably devote three weeks to this observation.

The oil wells in Turner Valley will also receive their attention. From Brule the party goes on to Vancover, and returning will stop at several mountain mining centres, especially Trail and Nelson.

INCIDENTS AT FUNERAL OF RUMANIAN MONARCH

Bucharest, Rumania, July 26.—One of the late King Ferdinand's last acts was paying his own doctor bill, totalling about £20,000.

"There's been enough trouble to state," he is reported to have said, "besides, I don't want to burden the country with this expense at a time when everyone should strive for economy."

Ferdinand also offered to pay \$75,000 for the use of six cranes of the railroad belonging to Belgium, and valued at \$400,000, but King Albert insisted on allowing him the use of the precious metal for nothing.

Two incidents of King Ferdinand's funeral are the talk of all Rumania. One is the spontaneous act of William Culbertson, United States minister to Rumania, in kneeling beside the monarch's grave and offering a prayer. The act was all the more conspicuous because none of the other diplomats knelt, merely passing the coffin. The members of the Rumanian cabinet, all of whom were present, were deeply touched by Mr. Culbertson's humane gesture.

The other incident involved Queen Marie. While the clergy were chanting the solemn words "Farewell forever more," over the king's body, the queen tottered toward a pillar for support and wept aloud. Fearing she was about to collapse, a palace officer brought a chair and smelling salts, but she refused them, and insisted that her fate be given to her daughter, Queen Marie of Yugoslavia, who soon is to become a mother and was on the point of fainting.

BULGAR KING RIDES FORTH TO FIND BRIDE

Vienna, July 26.—King Boris III. of Bulgaria, Europe's bachelor king, has Sofia as another bride hunt. With conspicuous lack of success. Boris in his search for a queen has covered as much territory as this season's trans-Atlantic flyers.

Royal Roundup

This time he is making a sort of matrimonial grand tour, his itinerary including Switzerland, France, Sweden, Italy, Austria, Hungary and Czechoslovakia.

It is rumored in diplomatic circles that there is to be a royal roundup in Switzerland next month, at which every effort will be made by members of other royal families to find a candidate for the vacant throne beside Boris in the Bulgarian capital.

Possible Brides

The rumors arise from the fact that at the time Boris is due to be in Switzerland next month, Dowager Queen Cristina of Spain, and King and Queen of Belgium will be in interest was aroused by the coincidence that the intended journeys of all the royals were announced on the same day from their respective capitals.

Princess Marie Jose, of Belgium, Princess Ingrid of Sweden, and Princesses Marie and Kyra, daughters of the Grand Duke Cyril of Russia, are mentioned as possible mates for Boris.

PRINCE CAROL VERY BITTER—DISAPPOINTED AT NOT BEING ALLOWED TO ATTEND HIS FATHER'S FUNERAL

Paris, July 26.—Further assurance that former Crown Prince Carol would undertake no action likely to create difficulties to the government of Rumania "as lawfully constructed by the wish of his father," was given to the Petit Parisien by Professor Nicousco of Bucharest University, one of a group of Rumanians who called on Carol at his villa near here yesterday.

"His Highness, however," said the professor, "is very bitter at not having been allowed to return to his country to salute the king's remains. He is also surprised at the comments of certain newspapers, which tend to represent him as leading a life of dissipation, whereas he rarely ever goes out, and spends the better part of his time in reading."

Carol, the Petit Parisien reports, also received a delegation from Bucharest, headed by M. Dragitch, secretary to his old tutor, Professor Nicholas Jorga. The delegation arrived on the Orient Express reaching Paris at 6:30 o'clock Monday morning. It went direct to the Neuilly villa and remained closeted with the prince until 10:30 a.m.

OFFICIAL ITINERARY OF THE PRINCE OF WALES

London, July 21.—The Prince of Wales, his brother, Prince George, and Premier Baldwin, leave Southampton on July 23 for Canada for their official visit on the occasion of the Dominion's celebration of the diamond jubilee of confederation.

The party will arrive at Quebec on Saturday, July 30, where an official welcome awaits it. Luncheon will be tendered by the province of Quebec. The visitors will have the afternoon free and will attend a state dinner given at Spencerwood, home of the lieutenant-governor. Following the dinner a reception will be held for their royal highnesses and Premier Baldwin.

After attending services at the Quebec cathedral on July 31, they will leave Quebec for Montreal by steamer, arriving there the next day. The Canadian Club will give a luncheon to Premier Baldwin. Senator Macdougald will give a garden party and President Beatty of the C. P. R. will give a dinner at the Mount Royal club.

On August 2, the Prince and his party will leave Montreal for Ottawa, where an official welcome will again greet them. A garden party will be given then at Government House, and an official dinner by the government of the Dominion at the parliament buildings.

An official welcome will greet the party on its arrival at Toronto on August 6 and the Canadian club will give a luncheon to Premier Baldwin. A garden party will be held at Government House and an official dinner will be given by the government of Ontario.

On August 7 the party will attend services at the Toronto cathedral, will visit Niagara Falls, and will then leave for Banff, Alberta.

The official outline of the itinerary says that after arriving at Banff on August 10, the Prince of Wales has no further official engagements.

The remainder of the itinerary for Premier Baldwin includes visits to Calgary and Regina on August 12, Winnipeg on August 13, St. John, N.B., and Charlottetown on August 16, and Halifax on August 17, leaving for home from North Sydney August 18 on the Empress of Scotland.

AVIATOR GETS THRILL TRYING TO SET ALTITUDE RECORD

Washington, July 25.—After battling flames on his airplane to protect the records of an unofficial world's record altitude flight estimated at 48,000 feet, Lieut. C. C. Champion, naval flier, received the stunning news from the bureau of standards today that a preliminary reading his battered barographs would only show 39,000 feet.

Unless revised readings should change this result, Champion must for the present at least, leave Callizo, the Frenchman, the official honor of having flown the highest. The barographs were badly damaged by fire, which broke out on the plane during Champion's descent and he risked his life by remaining with the plane in order that he might save them.

Thought He Had Record

Washington, July 25.—A new world's altitude for airplanes was credited today to Lieut. C. C. Champion of the navy, whose instruments recorded a height of 48,000 feet in a flight over the naval air station. Champion's plane caught fire during the descent, but he landed unhurt in a corn field. The pilot fought the flames with his hands to save the barographs on which the official records depend. One of the instruments was destroyed and the other appeared slightly damaged.

The recognized world's record for altitude by airplane is held by Callizo, a French aviator, who descended 40,820 feet last August.

Champion's feat today was accomplished in less than two hours. His flight began at 6:47 a.m. and ended two miles from the naval station about 8:15 a.m.

M.P.'S ORGANIZE TO FIGHT CHANGE IN BOOK OF COMMON PRAYER

London, July 26.—Organized opposition to the modernized versions of the Church of England prayer book was arranged today by 70 members of the house of commons who banded themselves together to fight its adoption.

Under British law, parliament must approve the book, as the Church of England is the official one.

The revised version is recognized by some churchmen as permitting forms of worship that endanger the protestant character of the church itself. A vote on the book is not expected at the present session of parliament.

Hollywood is to have a new university. It already has one of hard knocks.

DEMPSY "COMES BACK"

Probably 75,000,000 people in North America waited last Thursday night for their newspapers or the radio to tell them that Jack Dempsey, former champion of the world, had knocked out Jack Sharkey, redoubtable contender for the title.

And probably two-thirds of that number, all at least who are over 30 years of age, were elated in their hearts when Dempsey seemingly "came back."

Up until the time that Tunney defeated him, Dempsey was the champion of the younger generation. He was symbolic of the power and energy of the younger race. When he was defeated, Tunney became the champion of the younger generation, and Dempsey, vanquished by a younger man, became symbolic of the generation that is growing old.

And so, when Dempsey and Sharkey faced each other in the Yankee Stadium in New York Thursday night, it was youth facing middle age, the rising generation facing the passing generation. It was a picture of that which "has been" making a struggle, by the force of inevitable will, to perpetuate itself.

It was a symbol of man's eternal struggle against the conquering march of time.

When Dempsey was without a rival he was disliked. He was said to be arrogant, vicious and greedy. But circumstances have made him the champion of the old against the new, of every man who battles against the passage of the years.

Even the drama of the prize ring is not without its realities.

SPORT AND MORALS

The trade depression in Great Britain, and the slump in world

prestige has been ascribed by some candid foreign critics to the national love for games and sports.

Whatever may have been the effect of sport on the national fortunes, the British people now propose to further encourage it by providing facilities whereby every citizen in the land will have access to public playing fields.

The National Playing Fields Association has launched an appeal for subscriptions to a fund of £1,000,000 for the purchase and equipment of the fields. Much of the required land will be freely donated, and it is hoped that a five-acre field will be made available to every thousand of the population of game-playing age.

The movement is receiving enthusiastic support from all quarters, and promoters expect to utilize the passion for sport as an agency for character building, as well as to further the health and happiness of the populace.

A good sportsman accepts the decision of the umpire without argument, takes defeat without grumbling, generously acknowledges the superior skill of his successful rival, and must learn to forego individual ambition for the greater objective of team success.

This hygiene of leisure, as Dr. Saleeby terms it, offers to the young people a choice between dissipation and recreation. It provides the counter attraction to vice, which preaching, denunciation and prohibition have signally failed to supply.

Ample provision for clean sport is a moral obligation which no community can afford to neglect.

SPEECH HINTS AT RETURN OF CAROL

Berlin, July 26.—According to Bucharest dispatches agitation in favor of the pretensions to the Rumanian throne of exiled Prince Carol, father of five-year-old King Michael, broke out in parliament Monday at a memorial session for King Ferdinand.

Julius Maniu, leader of the strong farmers' party—the official opposition to the government party of Premier Bratianu—is declared to have demanded in veiled but unmistakable terms that Carol be placed on the throne.

As openly as he dared, it is stated, Maniu denounced the change in succession laws whereby Carol, because of his love for Mme. Lupescu, was forced to abdicate as crown prince and leave his son as heir to King Ferdinand.

Maniu's speech at what was intended to be a purely memorial service, caused a sensation, and is expected to place Rumanian authorities more than ever on their guard to prevent either a possible dash across the frontier by Carol in an effort to arouse popular enthusiasm and seize power, or a gradual growth of popular sympathy, through underground propaganda with the dispossessed heir.

SUNSHINE TRAIL CONVENTION AT EDMONTON AUG. 9

Alberta's fame as the Sunshine Province will be further enhanced by the adoption of this climatic region as a name for the international highway connecting Edmonton with the central cities of Montana, this route being officially designated the "Sunshine Trail."

An international organization known as the Alberta-Montana Highway Association was formed some years ago to promote the development of this climatic region as a name for the international highway connecting Edmonton with the central cities of Montana, this route being officially designated the "Sunshine Trail."

At this convention the proposal will be held in Edmonton on August 9th, an event that will draw an imposing motor caravan with a large number of delegates from the principal centers of Montana. The association of that association will be held in Edmonton on August 9th, an event that will draw an imposing motor caravan with a large number of delegates from the principal centers of Montana.

DROP QUEEN MARIE—AS RULING FORCE IN ROMANIA

Bucharest, July 23.—With the

failure of Queen Marie to obtain a place on the Rumanian regency, Princess Helen, mother of the boy king, Michael, has suddenly loomed into prominence. She is given much space in the newspapers, while Queen Marie is seldom mentioned.

Marie is already referred to by Rumanians as the "dowager queen" while Helen is called the "princess mother." Prominent Rumanians do not conceal their belief that the comely daughter of the late King Constantine of Greece, who was deposed by her husband, former Crown Prince Carol, will play a vital role in dynastic and state affairs of Rumania until her son becomes of age, 12 years hence.

Although there is real affection between Dowager Queen Marie and Princess Helen, the latter's position as the mother of a ruling king, observers say, will divert the limelight on the royal stage from Ferdinand's widow, whose influence on the existing regency, if any, must be exercised indirectly through her second son, Prince Nicolas, who is a member. Princess Helen is said to possess distinct ideas as to how a government should be conducted.

MAYOR WALKER SAVES NEW YORK FROM BIG STRIKE

New York, July 26.—Glad tidings came to New York's sweltering millions tonight in the form of an announcement by Mayor James J. Walker that the threatened transit strike had been postponed.

At the height of the evening rush hour, while hundreds of thousands of straphangers were wedging into subway and elevated trains for what was to be their last ride until after the strike, Mayor Walker met with representatives of the transit company and the workers' union.

At 5:50 p.m. Mayor Walker came out of his office with this announcement: "The strike has been postponed."

AMERICAN MARINES IN BATTLE

Managua, Nicaragua, July 26.—A mixed column of American marines and American-officered Nicaraguan constabulary killed several and wounded a score of the troops of the Liberal Leader General Sandino, who attempted to ambush them.

By excellent handling of his force, Major O. Floyd, marine officer commanding the column, quickly routed Sandino's forces. One marine and several constabulary were wounded.

The action occurred near San Francisco, about 20 miles from Ocotal. Marine airplanes may participate in another battle expected to occur tomorrow.

'QUAKE ROCKS QUEBEC'

Quebec, July 25.—An earth shock lasting several seconds was felt in Quebec and its vicinity last night, telephone messages from Saint Joachim and Cape Tourmente said the vibration was felt at those places. No damage is reported.

The shock was felt at nine o'clock in this locality. As there is no seismograph in Quebec, exact details of the extent of the tremors are not available.

Shocks were felt at Lake St. Joseph, Courville, Petite Riviere and Saint Joachim. Residents of these parishes report that several distinct tremors were noted.

CALL BOY SOLD IN BRITAIN FOR NEARLY \$300,000

London, July 26.—Sir Henry Mallaby-Deeley has bought Call Boy, winner of this year's Derby, for approximately \$291,000. Executors of the estate of the late Frank Curzon announced tonight.

Mallaby-Deeley said he bought Call Boy to prevent its leaving the country. There had been reports that an American syndicate had offered \$250,000 for the horse. Mallaby-Deeley, a former member of parliament, gained prominence a few years ago when he started a factory-to-wearer cut rate clothing store in the Strand.
